

Holiday Decorations..... Guidelines

Please be aware of your property lines when decorating the outside of your home for various holidays. While everyone enjoys seeing the lights and decorations for Christmas, New Year's, Halloween, etc., they can pose issues when elaborate items are placed on the common grounds. Anything that obstructs sidewalks or creates tripping hazards should be confined to your property only. Please consult your plot plan to determine exactly where your property lines are, and please be sure to remove your decorations in a timely manner.

Thank you,

The Board of the Strathmore Court Homeowners Association
